\$20,000 Stock of Fine Furs at 50 Cents on the Dollar!

This sale, which began this morning with such overwhelming success, will continue tomorrow.

Finest Fur Coats, Muffs, Neck Pieces and Fur Sets At ½ Regular Prices

The values are so astonishingly big that a sale of this kind would create extraordinary interest even during the mid-summer months. But when you take into consideration that the cold weather is just beginning to set in—that winter in reality is just commencing—it is then that you will appreciate why this sale has created a sensation.

These beautiful FUR stocks come to us from manufacturing furriers well-known in the trade for many years, but because of a dissolution of partnership heavy losses were taken by the makers which are turned into profits for our patrons.

Every Piece of Fur in This Sweeping Sale is Rightly Marked and Guaranteed by Greenhut's

The styles are the newest shown for this winter. The workmanship is of a character that is beyond criticism. And, once again, THE PRICES ARE ½ LESS THAN REGULAR.

In this limited announcement it is impossible to do more than hint at the special offerings, but your choice really includes THE GEMS OF THE FURRIER'S TRADE.

From every standpoint the greatest sale of furs New York has ever seen in February.
